RE: Amended October Quarterly Report (7/22/10 9/30/10), received 11/22/10

Dear Mr. Holly,

In response to your letter dated January 6th, 2011:

1. The \$3,319,536.27 in unitemized contributions is correct. There were more than 96,000 contributors providing \$200 or less during the period in question.
2. Database error. When the 48 hour notice reports were generated, the contributions in question were in the database but not included on the report.
3. Martha Park s two \$2,400 contributions on 8/5/2010 were reported as 48-hour notices because we received, deposited, and reported her contributions. However, we were notified a few days later from the bank that her \$4,800 check had bounced due to insufficient funds in that account. Since the October quarterly report was not due until 10/15/2010 and we were never actually in receipt of the money we deleted her contribution from our database.
4. Ronald Baukol s \$2,000 contribution on 8/1/2010 was reported as a 48-hour notice for \$2,000 on 8/2/2010 however after reviewing Ronald s financial information we had found out that his \$2,000 contribution put him over the contribution limit by \$200. So we reattributed \$200 of his \$2,000 to his wife Gay Lynn Baukol. Contributions for both have been amended on the report to show the reattribution.
5. Amended on October quarterly report filed on February 7, 2011.

Sincerely,

Daniel G. Puhl  
Treasurer
